

WINTER 2008 LECTURE SERIES
Bird Identification
through Location, Song, Colour and Profile

Place: Knox Crescent Kensington & First Presbyterian Church, 6225 Godfrey Ave, NDG

Dates: Wednesdays: February 13, February 27, March 12 and March 26, 2008

Time: 7:00 to 9:00 p.m.

Cost: \$15 per lecture

Speakers: **Feb 13:** Wayne Grubert will give us the *Basics of Birdwatching*; suitable for new birders and a refresher for long time birders as well.

Feb 27: Lance Laviolette will tell us *Where to Find Warblers in the Montreal Area During the Breeding Season* and how to identify them by their food source, habitat, niche, colouring and song.

Mar 12: Betsy McFarlane will help us to *Bird By Ear* through songs and calls over the seasons, numbers of notes, volume and pitch, with some mnemonics to jog our memories.

Mar 26: Michel Bertrand will try to demystify for us *Ways to Identify Tyrannidae or Flycatchers* through location, habitat, colours and calls. He has offered to follow up with a field trip in June.
